Mi'kmaq/Maliseet Bachelor of Social Work Program (MMBSW)

The Mi'kmaq/Maliseet Bachelor of Social Work (MMBSW) program is offered by St. Thomas University in partnership with First Nation Communities. The program is directed toward First Nation peoples in New Brunswick and the Maritime Provinces who wish to become social workers in their communities. The classes are held in Kingsclear, NB.

The MMBSW program respects and celebrates the traditions and cultures of Indigenous peoples as demonstrated by its flexible and culturally relevant approach to incorporating Indigenous ways of knowing and learning throughout the social work courses that are offered in the program.

The program consists of 60 credit hours of social work courses to be completed over a three-year period. Applicants must have completed a minimum of 60 credit hours of liberal arts courses as a prerequisite to admission. The fifth cohort will be admitted in September 2017 until June 2020.

Students wishing to be considered under the Educational Equity Admission Policy must indicate their request in the designated section of the application form.

Required Withdrawal from the BSW program on the Grounds of Unsuitability

The profession of social work requires that students acquire a body of knowledge and skills and demonstrate an ability to act in accordance with the demands of the profession. The university may require a student to withdraw or be suspended or meet other requirements which may be imposed as a condition of continued enrolment in the BSW program. Suitability or fitness for the profession of social work is a requirement for continuation in the program.

C. School of Social Work Policies

A. Policy Governing Professional Suitability in the School of Social Work

The Canadian Association of Social Work Education (CASWE) requires the School of Social Work to have in place procedures for assessing the suitability of their students for professional practice. St. Thomas University has developed the following policy to be invoked when there are concerns related to a student's professional suitability.

1. Scope and Purpose

- 1.1 All students in the Bachelor of Social Work program are expected to demonstrate attitudes, values, and conduct that are consistent with the Canadian Association of Social Workers' (CASW) and the New Brunswick Association of Social Workers' (NBASW) Codes of Ethics during classroom participation, through written assignments, in presentations, and in field contexts.
- 1.2 The purpose of this policy is to:
 - Increase student and faculty awareness of the attitudes, values, and conduct that are suitable for a professional social worker;
 - Comply with the requirements of professional regulatory bodies;
 - Assist faculty in evaluating student suitability for social work practice; and
 - Seek to ensure students are made aware of any concerns through a fair and transparent process.
- 1.3 All students at St. Thomas University are required to comply with Course Regulations, the Code of Student Conduct, the Policy on Harassment and Discrimination, academic appeal and dismissal procedures, and any other University policies. Students enrolled in our professional programs have additional responsibilities regarding personal and

- A student is denied a field placement and is not able to demonstrate readiness by

Should the field placement be deferred, the School of Social Work will negotiate a placement at the earliest possible time, consistent with the student's academic program and the availability of an appropriate field placement setting. Field placements are normally offered twice a year: from April until the end of June, and from September until early December. Alternative arrangements may be considered by the Field Education Coordinator at the request of the student and in consultation with faculty of the School of Social Work.

2. Denied Field Placement

The School of Social Work may deny a field placement for any of the following reasons:

- 2.1 The prospective student has not successfully completed required courses and/or course assignments;
- 2.2 There is confirmed evidence that the student has violated the Professional Codes of Ethics of the New Brunswick Association of Social Workers, the Canadian Association of Social Workers, or the New Brunswick Human Rights Act;
- 2.3 The student's health renders him or her incapable of carrying out the basic tasks and professional requirements of social work practice in a designated field placement;
- 2.4 The student has not provided a current adequate vulnerable sector/criminal record check, or disclosed pending criminal charges.

When a student is deemed not ready to begin a direct practice or social action field placement, the onus is on the student to demonstrate readiness by adequately addressing the concerns that led to the decision to deny a field placement. In the case of a postponement, the student may be required to pay a pro-rated tuition fee.

The University is obliged to arrange a placement for each student accepted into the program, unless the student has been denied a field placement based on the above reasons.

If, for some reason, no suitable placement can be identified, or a student is denied a placement due to circumstances beyond his or her control, arrangements will be made for a suitable placement at a later date at no additional cost to the student.

3. Withdrawal from a Field Placement

A student who chooses to withdraw from a field placement for a reason not deemed valid by the School of Social Work is not guaranteed a subsequent field placement. However, if a student withdraws from a field placement for valid reasons (on medical or compassionate grounds), arrangements will be made for a suitable placement at a later date at no additional cost to the student.

4. Dismissal from a Field Placement

The Field Education Coordinator and Faculty Field Liaison will support all students in resolving issues that arise in their field placements. When these efforts have not been successful, the School of Social Work and/or host agency (after consultation with the Director of the School of Social Work) may recommend to the Vice-President (Academic & Research) that a student be dismissed from a field placement when there is evidence of the following:

- 4.1 The student has failed to adhere to the attendance policy (see Appendix), and has failed to negotiate an acceptable alternative arrangement;

- 4.2 The student has violated the Professional Codes of Ethics of the New Brunswick Association of Social Workers, the Canadian Association of Social Workers, or the New Brunswick Human Rights Act;
- 4.3 The student has chosen to discontinue the field placement for any reason not deemed valid by the School of Social Work;
- 4.4 The School of Social Work has determined that the student is not suitable for social work practice as per the Professional Suitability Policy;
- 4.5 The student's behaviour or attitude has interfered with his or her ability to work with agency staff and/or service users;
- 4.6 The student has not followed through in meeting learning objectives;
- 4.7 The student has been charged with harassment or violations of ethical codes.

5. Procedure

When there is evidence that a student is not meeting the requirements for successful completion of a field placement, the Review Process outlined in Section 3 of the Policy Governing Professional Suitability will be followed.

When a student has been denied a field placement for the reasons listed in section 2, and is not able to demonstrate readiness by adequately addressing the concerns that led to the decision to deny a field placement within the period of time specified by the faculty of the School of Social Work, the review process outlined in Section 3 of the Policy Governing Professional Suitability (2014; rev. 2017) will be followed.

Appendix

Appendix F: Field Placement

The field education program is guided by the requirements of the Canadian Association of Social Work Education (CASWE). The CASWE policy requires that students enrolled in the BSW program receive a minimum of 700 field instruction hours.

Students are expected to make up any missed time due to illness, storm days, strike action, and/or holidays. Flexibility in making up missed time is possible and may include, besides additional field placement days, time spent doing relevant field-related activities. These activities can include journal writing, library research and readings on field-related work, group work preparation and design, and/or the attending of relevant outside meetings and workshops. Students must document these work hours and consult the Field Instructor on their plans for making up missed field days.

Accumulating overtime hours is allowed, provided that it does not mean that a placement ends earlier than two weeks before the official placement ending time.
