NATI-3943. Métis Issues

This course explores the historical and contemporary issues facing the Métis community in Canada. It covers topics such as the Métis Nation, the Red River and Batoche rebellions, the Métis in the West, and the current status of the Métis in Canada. The course is designed to provide students with a comprehensive understanding of the Métis experience in Canada.

NATI-4006. Structure of Native Languages

This course examines the structure of Native languages, focusing on the syntax, morphology, and semantics of various languages. It explores the unique features of Native languages and how they differ from Indo-European languages. The course is designed to provide students with a deep understanding of the structure of Native languages.

NATI-4173. Methods in Immersion Teaching II

This course focuses on the methods and techniques used in immersion teaching. It covers topics such as the design of immersion programs, the role of the teacher, and the assessment of student learning. The course is designed to provide students with the skills and knowledge needed to effectively teach in an immersion setting.

NATI-4253. Advanced Maliseet/Passamaquoddy

This course provides an advanced study of the Maliseet and Passamaquoddy languages. It covers topics such as the grammar, vocabulary, and pronunciation of these languages. The course is designed to provide students with a deep understanding of the structure and use of these languages.

NATI-4273. Advanced Maliseet II

This course provides an advanced study of the Maliseet language. It covers topics such as the grammar, vocabulary, and pronunciation of this language. The course is designed to provide students with a deep understanding of the structure and use of this language.

NATI-4323. Phonology in the Target Language II

This course focuses on the phonology of the target language. It covers topics such as the phonetic structure of the language, the phonological processes, and the phonological rules. The course is designed to provide students with a deep understanding of the phonology of the target language.

NATI-4506. Independent Study

This course allows students to pursue an independent study project in the field of Native Studies. It provides students with the opportunity to explore a topic of their own choice in depth. The course is designed to provide students with a deep understanding of a specific topic in Native Studies.

NATI-4623. The Archaeology of First Nations History In Canada: Theory

This course examines the theory and practice of archaeology as a means of understanding the history and culture of First Nations in Canada. It explores the role of archaeology in the development of national identity and the impact of colonialism on the discipline. The course also discusses the importance of interdisciplinary approaches and the role of archaeologists in the protection and management of the archaeological heritage of Canada.
